

Automatic Lane Barrier

Specifications

Make	KENT ITS
Model	KENT/GB 02-11
Barrier width max	3m
Opening/ closing time	1 Sec
Power consumption max	100 w
On-time	100%
Supply voltage	Wide voltage range 220/110V \pm 10%
Frequency	50-60 Hz
Electric cabinet working temperature	-40°C to +75°C
Mechanical core working temperature	-35°C to +85°C
Relative humidity	< =90%
Housing dimensions (H x W x D)	950x330x280 mm
Weight	65kg
MTBF	5 million cycles
Ingress protection	IP 54
Constant speed / time under variable wind speeds	Yes
Smooth Landing of Boom arm without swaying	Yes
