Emergency Call Box (ECB)

Specifications

Make	KENT ITS
Model	KENT/ECB/V1.0
Network	Optical Fiber/GSM/Primary Line:Optical Fiber, Secondary Line:GSM
Audio Amplifier	7W to 10W with Short Circuit Protection
Indication	Visual Indication on button press, Call Connected and Call Ready
Power supply	Battery: 12VDC, 26AH Rechargeable.
Solar Panel	12V, 40Watts
Alerts	Message For Low Battery, Open Door Alert, Network Strength
Power consumption	1Watt Standby, 8watt at call connected
Software configuration	YES
Weight	20Kg or Less
Operating temperature	-20 to 60°C
Call Box Identification	Unique ID for location information
Call Box Locator	Radium Stickers
Material and Finishing	Fiber-Reinforced plastic
Cabinet Dimensions (HxWxD)	500x700x350 mm
Chassis Design/Protection	IP65
Reliability and maintainability	MTBF : 30,000 Hour MTTR : 0.30 Hour
